Furnish the following important information when ordering:

- A, B and C dimensions.
- Line pull in pounds and degree of wrap.
- Line speed.
- Diameter of wire rope.
- Roller bearings, bronze bushings, or sealed double row tapered bearings.

Guide and control your deck lines with McKissick’s deck-mounted wire rope sheaves.

**Built to your specific requirements.**

- Extra heavy construction, built to withstand breaking strength of indicated rope (XIP, IWRC).
- Flame-hardened sheaves, machined grooves for proper rope size.
- For special requirements contact Crosby.

### 457 Deck Mounted Anchor Fairleader

Barrel and sheaves equipped with sealed double row tapered bearings.

- Extra heavy construction, built to withstand breaking strength of indicated rope at 90 degree sheave wrap and 45 degree head swing.
- All bearings Alemite-lubricated.
- Custom Anchor Fairleader sets available.
