

Crosby® Bundle Clip

G-460
"Soft Eye"
Bundle Clip

G-461
"Thimble Eye"
Bundle Clip

- The new Crosby Bundle Clip is a great alternative for transporting bundles of pipe and other cylindrical items.
- The design allows the choker hitch of the sling to maintain its position, and the shape of the choked bundle, even after the tension of the load is released.
 - Perfect for "Shore to Ship" and "Ship to Shore" applications
- Allows for quick and easy crane attachment and transfer of load.
- Two versions available
 - For "Soft Eye" slings
 - For "Thimble Eye" slings

Crosby® Bundle Clip

G-460 Soft Eye Bundle Clip

(For use without Thimble)

G-461 Thimble Eye Bundle Clip

- Each base and Bundle Clip adapter has a product identification code (pic) for material tracability, the name CROSBY or CG, and a size forged into it.
- Entire clip-galvanized to resist corrosive and rusting action.
- Forged bases and bundle clip adapters.
- All bundle clips are individually bagged or tagged with proper application instructions and warning information.
- Clips have rolled threads.
- Meets or exceeds all requirements of ASME B30.26 including manufacturing I.D. and size requirements. Importantly, these wire rope bundle clips meet material traceability, not addressed by ASME B30.26.
- Bundle Clip Adapter for Soft Eye (G4460) and for Thimble Eye (G4461) kits available.
- Look for the Red-U-Bolt, your assurance of Genuine Crosby Products.
