THE NEWEST ADDITION TO CROSBY'S RFID TAG FAMILY: QUIC-TAG™

QUIC-CHECK®

Industry standards require periodic performance inspections to make sure lifting equipment is performing to specified levels. The Crosby QUIC-TAG™ makes the inspection process more efficient, and its unique design can be retrofitted on numerous products.

Features

- Easy, fast and secure attachment
- Engineered for extreme durability and strength with a low profile design
- Resistant to harsh environmental conditions including exposure to UV rays, water chemical exposure and temperatures up to 185°F (85°C)
- Compatible with the Crosby QUIC-CHECK® Inspection and Identification System
- The most cost effective RFID tag offered by Crosby®

RFID chip

Shown Actual Size

7.625"
193.675 mm
